1.0 ABOUT THE MINISTRY

1.1 INSIGHT OF THE MINISTRY

The Ministry of Industrial Development, SMEs and Cooperatives comprises three Divisions namely the Industrial Development, SMEs and Cooperatives Divisions respectively. The main activities of the Ministry revolve around formulation of policies pertaining to Industrial Development, Micro, Small and Medium Enterprises and Cooperatives.

The Industrial Development Division acts as a facilitator and catalyst for the development of a resilient, vibrant and competitive manufacturing sector with a view to fostering employment creation and wealth generation for higher economic growth.

The SMEs Division is responsible for the design and formulation of policies and schemes while ensuring that there is appropriate and adequate provision of support and facilities to existing enterprises as well as encouraging creation of new businesses.

The Cooperatives Division facilitates the promotion of diversified, emerging and innovative cooperatives and involvement of more young persons and women in the development, consolidation and advancement of the cooperative movement.

1.1.1 SMES DIVISION

VISION

A transformative and pioneering SME sector crafted on innovation, opportunities and inclusiveness in a sustainable environment.

MISSIONS

Provide appropriate technical, professional and managerial support to businesses to enhance economic growth and sustainable development.

Act as a facilitator and catalyst in the promotion, development and growth of a competitive and innovative SME sector by creating the appropriate framework through mentoring, coaching and provision of adequate business development, support and incentives.

ACTIONS

- Implementation of the 10-Year SME Master Plan
- Provision of preferential rates to registered SMEs for on-boarding the E-Commerce Platform
- Implementation of several schemes/ measures for the development and promotion of SMEs
- Provision of targeted training programmes for SMEs

STRATEGIES

- SME Financing
- Promotion of local SME products
- Development of Export Capacity for SMEs
- Local/ International Collaboration in SME Sector
- Identifying new inclusive and green growth for SMEs
- Equipping SMEs with the right skills to run their businesses effectively

1.2 STATEMENT FROM MINISTER

I am pleased to present the Annual Report of the Ministry of Industrial Development, SMEs and Cooperatives (SMEs Division) for the Financial Year 2023/2024.

Since assuming office as Minister in February 2024, I have been committed to advancing the fundamentals of the SMEs Division, whilst

looking to improve efficiency and output. With a fresh perspective and renewed vigour, we have worked tirelessly to inject new energy into the dynamics of the sector.

I am proud to say that the Ministry has consistently championed the interests of Micro, Small and Medium Enterprises (MSMEs), placing them at the heart of our nation's economic development agenda. The Ministry's efforts have been relentless, and we have made significant strides towards empowering MSMEs, despite being confronted with unprecedented challenges.

The resilience of our MSME sector, despite the hardships posed by the COVID-19 pandemic and geopolitical disruptions such as the Russia-Ukraine and Middle East conflicts, is testament to the pertinence of our policies. Indeed, the constructive measures adopted by the Ministry have enabled MSMEs to weather these storms. The more so, the sector has witnessed a growth in the quantity of new establishments, with the number of MSMEs rising from 124,972 in 2013 to 139,961 in 2018.

SMEs are the backbone of our country, driving forward economic advancement and contributing substantially to our GDP and employment. They account for nearly 40% of our GDP and over 46% of total employment, embodying an unyielding drive for innovation and entrepreneurship. Each MSME reflects the determination and creativity of spirited entrepreneurs that fuel our nation's prosperity.

In complementarity of this, the Ministry has been proactive in developing policies and programmes tailored to the specific needs of MSMEs. Through our strategic initiatives, we have facilitated access to financing, provided skill-enhancing training and supported market expansion. We recognise the diverse challenges facing MSMEs—from high production costs and adhering to quality standards, to the pressing need for product and market diversification, altogether while observing good manufacturing practices.

Indeed, our commitment to sustainable development is equally strong. As we advocate for greener production practices, we encourage our MSMEs to embrace environmental-friendly manufacturing in a bid to respond to a new breed of ecoconscious consumers. The shift towards sustainable practices is not just a choice; it is a necessity. By fostering strategic partnerships and investing in clean technologies, we are strengthening the competitiveness of our MSMEs, while upholding our environmental commitments.

In today's rapidly evolving digital economy, the adoption of technology and innovation is quintessential. The rise of AI and digital tools offer unprecedented opportunities for our MSMEs to scale up operations, increase productivity and position themselves competitively in the global market space. Embracing these advancements will be key to ensuring long-term sustainability.

I encourage all MSMEs to take advantage of our expanding regional and international networks, particularly within Africa. With increased cooperation across borders, MSMEs have an avenue to broaden their market outreach, increase exports and forge new partnerships by leveraging on trade agreements with international organisations to expand their footprint.

I would like to place on record my appreciation to all my staff for their unflinching support. My heartfelt gratitude to them for their commitment and their efforts, which have been invaluable in advancing the mission of the Ministry.

Hon. (Ms.) Naveena Ramyad Minister of Industrial Development, SMEs and Cooperatives

1.3 Statement from Senior Chief Executive

I am pleased to be associated with the presentation of the Annual Report of the Ministry of Industrial Development, SMEs, and Cooperatives (SMEs Division) for the financial year 2023-2024.

Over the past year, we have witnessed a vibrant partnership between the Ministry and our constituency of micro, small and medium enterprises (MSMEs) falling under our purview. I would like to extend my heartfelt gratitude to our team and the MSME sector for the synergy we have built together. This strong collaboration has been pivotal in accompanying MSMEs to successfully navigate in an ever-evolving economic landscape and it speaks volumes about the sector's determination and adaptability.

The Ministry has played a crucial role in tackling the challenges of the past year, setting forth its professionalism and unwavering commitment to each initiative. The laudable efforts provided by one and all have empowered the Ministry to provide meaningful support to MSMEs, enabling the latter to seize new opportunities and overcome unprecedented impediments. Equally, I commend our MSMEs for their remarkable resilience and willingness to embrace change, showcasing their spirit of innovation and capacity to thrive, even in uncertain economic times.

The financial year 2023-2024 has been a period of recovery and growth for Mauritius. We have seen key economic indicators return to pre-pandemic levels, a testament to the strength and agility of our economy. Despite facing global challenges, MSMEs in Mauritius have demonstrated their ability to adapt and persevere. Much of this success can be attributed to the proactive measures taken by the Ministry to create a business-friendly environment, one that fosters growth, resilience and innovation for our MSMEs.

Looking to the future, I am confident that together, with renewed collaboration between the Ministry and our valued stakeholders, we shall continue to drive growth, foster innovation and promote inclusivity within the sector. By supporting our MSMEs in this journey, we are investing in the long-term growth of Mauritius, empowering entrepreneurs and building a strong foundation to further our economic success.

I seize this opportunity and invite each member of our team, as well as every stakeholder, to carry this momentum forward, as we unify our efforts to create a brighter future for our MSMEs and for the economic prosperity of our country.

Mohammad Salim Joomun Senior Chief Executive

1.4 FUNCTIONS OF THE SMES DIVISION

The Division acts as a regulator and facilitator within its basic core values of effective administration: Teamwork, Trust, Transparency, Transformation and Timeliness.

1.5 OUR STRATEGIC FUNCTIONS

Devise, formulate, review and implement strategic policies relating to SMEs Identify projects, programs and activities for the development and promotion of SMEs Facilitate and coordinate research relating to development of SMEs through

A Table 3: Training Programme abroad

1.7 SME REGISTRATION UNIT

The SME Registration Unit was set up following the promulgation of the SME Act 2017 on 18 January 2018.

Registration Certificates are issued within 7 working days after duly completed applications are received in accordance with provisions of the SME Act 2017;

- 1. All data collected from SMEs are treated with strict confidentiality; and
- 2. The SME Registration Unit is operating an online registration platform for SMEs since October 2019. Since its inception, 24,751 online applications have been received and processed. For Financial Year 2023-2024, 4146 online applications were received and processed, out of which 3628 Registration Certificates have been issued. The online system has considerably reduced processing time of applications.

1.7.1 MAIN LEGISLATIONS

The SME sector operates within the framework of the Small and Medium Enterprises Act 2017.

Tot	Total Number of SMEs registered by Gender FY 2022-23				
Gender	Mauritius	Rodrigues	Total	%	
Male	2000	54	2054	57	
Female	1506	68	1574	43	
Total	3506	122	3628	100	

For the Financial Year 2023-24, 3628 SMEs were registered; 2054 Males (Including 54 Rodrigues) and 1574 Females (Including 68 Rodrigues).

As percentage, it can be seen on the table as 57% of males and 43% of females were registered as SMEs in the FY 2023-24.

Total certificates issued for the same were 3628.

Total Number of applications received for 2022-23: 4146.

1.7.2 STATUS OF IMPLEMENTATION OF KEY ACTIONS

Delivery Unit	Main Service	Key Performance	Target 2023/24	Achievement at 30 June 2024	Remarks
		Indicator			
SMEs	Facilitate	Number of new SMEs registered	2250	2362	Target achieve d
Division	the developme ntof SMEs	Number of jobs created by newly registered SMEs	3600	2206	Majority of startups are creating self-employment jobs
SME Mauritius Ltd	Provide support toSMEs	Number of SMEs assisted throughSME support schemes	700	812	

1.8 OVERVIEW OF STATE-OWNED ENTERPRISE OPERATING UNDER THE PURVIEW OF THE MINISTRY

SME Mauritius Ltd is a private company wholly owned by the Government of Mauritius, incorporated in July 2017. It is responsible for the empowerment of SMEs to help them emerge and grow by implementing support programs that enhance their competitiveness.

2.0 MINISTRY'S ACHIEVEMENTS-ACHIEVEMENT OF THE SMES DIVISION

The main achievement of the SMEs Division for Financial Year 2023-2024 is as follows-

2.1 ONLINE BUSINESS DIRECTORY OF SMES

The Ministry embarked on the introduction of an online Business Directory of SMEs categorized by sector and district to enable the business continuity and the public to easily, contact, locate and interact via online technology.

The SME e-Directory is an initiative of the SME Division to promote the products/service of SMEs. It is a vital marketing tool that increases the visibility of SMEs and enables them to obtain orders from individuals as well as the private sector, SME Associations and Government bodies.

- This Directory has been conceptualised in categories (30) of activities and on a district wise basis. As at date, the GOC has already migrated a list of 8,634 SMEs. It can be accessed under the URL https://smesdb.govmu.org.
- The e-Directory is a laudable milestone in the process of business transformation of the Public Service. It provides an easy-to-access platform for business facilitation to SMEs free of charge.
- Graduate students can also have access to this platform and carry out surveys on the SME sector for their dissertation or any other research works.

The main benefits of the SME e-Directory are as follows -

- It is a practical tool for ventilation of information on SMEs.
- Gives users timely and coherent information.
- It is also a cost-effective way to build a presence in the local market place.
- It is available to the public on a 24/7 basis.
- It also gives a global reach
- It helps in promoting the activities of SMEs and also provide them with an onlinepresence where the reachability is easier.

3.0 Events

3.1 Journée Internationale des PME 2023

- La Journée Internationale des Micro, Petites et Moyennes Entreprises célébrée le 27 juin.
- PME jouent un rôle économique majeur.
- Contribuent à réduire le chômage.

- ➤ Mont Goût :
- > Pointe aux Piment; et
- Plaine des Papayes

3.5 Cérémonie de remise de certificats aux stagiaires de Social Entrepreneurship Program, 20 Novembre 2023 au Farmers Service Centre – 10h30

- L'objectif est de promouvoir l'entrepreneuriat. Devenir indépendante. Création d'emplois. Autonomisation.
- SME Mauritius qui met en place une série de formations dans plusieurs domaines à travers ses différents bureaux.
- SME Mauritius Ltd et ses formateurs sont là pour vous donner les techniques appropriées.

In February 2024, Hon. Naveena Ramyad, was sworn in as the new Minister of Industrial Development, SMEs and Cooperatives.

3.6 Invitation à L'Assemblée Génerale Annuelle de l'Assocation des Manufacturers Mauriciens, 25 Avril 2024

3.7 International MSME Day 2024, 27 June 2024

3.8 Courtesy Visit of Indian Delegation, SMEs Division, 16 July 2024

4.0 PROJECTS AND SCHEME OF THE MINISTRY

a) Consultancy Services on "Enhancement of the Leather Value Chain in the Republic of Mauritius"

With a view to enhancing the leather value chain from the sourcing of quality skin and hides to export of quality leather and leather-related products to niche regional and international markets, the Ministry of Industrial Development, SMEs and Cooperatives (SMEs Division) has enlisted the assistance of the Africa Leather and Leather Products Institute (ALLPI) to carry out a Consultancy Services on "Enhancement of the Leather Value Chain in the Republic of Mauritius"

The objectives of the project are to:

- identify international suppliers within the African continent from which Mauritius can source good quality raw hides and skins; and
- identify potential markets worldwide, including in Africa, for the export of Mauritian leather and leather- related products.

The Report is being finalised by ALLPI.

b) Setting up of Mini Fruit Processing Plant for SMEs and Cooperatives

In line with the Import Substitution Strategy to boost up local production and decrease import of consumables, the SMEs Division is encouraging SMEs to reduce wastage of seasonal fruits and develop value added products.

In Budget 2024/2025, an amount of **Rs 3 Million** has been earmarked under the National Resilience Fund for this project.

A financial grant of 50 percent (up to a maximum grant of Rs One Million), will be

provided to selected SMEs/ Cooperative Societies to cover only the cost of equipment and machinery procured to set up the Plant.

c) Implementation of an Integrated IT System for SMEs in Mauritius

The SMEs Division of this Ministry has embarked on an Integrated IT System for SMEs. The project aims at harmonising all data available on SMEs on a common platform and obtaining real time data and statistics to enhance service delivery and to enable policy makers to devise and formulate effective policies for SMEs. From capturing information on incorporated companies with the Corporate and Business Registration Department (CBRD) to online application and registration of entrepreneurs at the SME Registration Unit as well as gaining information on submission of tax returns by entrepreneurs to the Mauritius Revenue Authority (MRA) would be starting points for data collection on SMEs.

The common IT system would be linked, inter-alia, with the systems of the CBRD and the MRA so that consistent data and statistics on SMEs are easily made available to policy makers for effective decision-making.

The SMEs Division had enlisted the services of a Consultant, namely the BDO IT Consulting Ltd for the digital transformation of the management of SMEs business process of the SMEs Division. A contract was signed on 17 April 2023 between the BDO IT Consulting Ltd and the Ministry. The BDO IT Consulting Ltd submitted its report for the Supply, Customization, Installation & Post Go-Live Support of an Integrated IT System for SMEs in March 2024.

The contract for the development of the IT system has been awarded to State Informatics Ltd and the design works are ongoing.

d) Grant for Potato Processing Scheme

An amount of Rs 5 million had been earmarked for financial year 2023/2024, under the National Resilience Fund for the Potato Processing Scheme. The objective was to convert locally produced potatoes into value added agricultural products such as potato chips, potato wedges, potato French fries, etc. In this respect, this Division had launched an Expression of Interest (EOI) on 06 November 2023, to invite potential Small and Medium Enterprises (SMEs)/Cooperative Societies willing to engage in potato processing. Two applications were received on 30 November 2023.

A financial grant (up to a maximum of Rs 300,000) would be provided to the two selected applicants to cover 50 percent of the cost of equipment and machinery only, to be procured to set up the production line. Letter of Intents were issued to the two applicants on 13 March 2024. They have been requested to inform this Ministry of the readiness of their plants following which site visits would be effected by officers of this Ministry. Upon compliance to all conditions as per the Letter of Intends, grants would be released accordingly.

5.0 STATUS ON IMPLEMENTATION OF BUDGET MEASURES

5.2 RISK MANAGEMENT, CITIZEN ORIENTED INITIATIVES AND GOOD GOVERNANCE

5.2.1 ANTI-CORRUPTION COMMITTEE

The Ministry of Industrial Development, SMEs and Cooperatives (SMEs Division) is committed to maintaining the highest level of integrity in the conduct of its affairs through the adoption of appropriate corruption prevention strategies.

It is, in this context, that an Anti-Corruption Policy (ACP) was formulated at the level of this Division in December 2016, setting out its full commitment for the detection of corruption and for adherence to a culture of integrity.

For the purpose of ensuring sound implementation of this policy, the SMEs Division

ensures through its Anti-Corruption Committee that:

- employees have sufficient knowledge concerning the Anti-Corruption Policy
 (ACP) and that it is applied to all undertakings;
- adequate controls are in place to counteract corruption are known and used within the organization; and
- there are clear procedures and systems for handling suspected cases of corruption.

At the last Anti-Corruption Committee, it was decided that the Anti-Corruption policybe made available on the website of the Ministry. Further to that, it was also emphasized that a "No Gift Policy" be affixed on the wall in all Departments and at the reception counter of the SMEs Division.

Status as at 23 August 2023

• The "No Gift Policy" has already been affixed on the wall in all Departments and at the reception counter of the SMEs Division.

5.2.2 RISK MANAGEMENT FRAMEWORK

5.2.2.1 Control over Non-Financial Assets

The Ministry has put in place adequate control over non-financial assets in order to ensure judicious use of public funds.

5.2.2.2 Risk Management Framework

Since 17 May 2024, the SMEs Division has signed the Risk Management Policy which has been developed by the Ministry of Finance, Economic Planning and Development.

Grants refer to funds provided to SME Mauritius Ltd which consists of the Operating Budget and Capital Expenditure.

7.0 WAY FORWARD

7.1 TRENDS AND CHALLENGES

The situation created by the global pandemic and geopolitical conflicts, coupled with natural disasters, has reshaped the international trade environment leading to major changes in the way businesses are conducted. There is a need to further leverage on the opportunities presented by the use of digital technology in order to promote the products and services in potential markets. Government is constantly providing the necessary support for the SME sector to be equipped with the right skills and become more resilient in the face of daunting challenges.

7.2 TRENDS

The worldwide developments that are drastically bringing forward major alteration in the SME sector include: -

- Restructuration of business models to adapt to the new normal and the re-training of employees to enhance product/service delivery.
- Widespread changes in work environment resulting in employees workingfrom home.
- Greater harnessing on innovative technologies for service delivery.
- Implementation of Quality Standards in their processes to meet international norms.
- Enhancement of ability of SMEs to weave in the global business market due toincreased competitiveness.

7.3 CHALLENGES

The new economic challenges have brought in their wake major disruptions in economic activities worldwide. Mauritius has been no exception and this has had severe impacts on the productivity of our SMEs. The major challenges that could impact our SMEs in these testing times are –

- Decrease in business activities in international markets as a fallout of theCOVID-19 pandemic and the Russia-Ukraine and Middle East conflicts
- Increase in cost of production due to shortages of raw materials and rising cost of imports of raw materials
- Reduction in competitiveness due to hiking fuel prices leading to increase infreight charges
- Fluctuating exchange rates
- Geographical instabilities

O

T

		Strength Weakness	Opportunities Threats	
	S	 Consolidated Regulatory and Institutional Framework – SME Act 2017 Strong public/private dialogue coupled with positive economic and social indices including good governance, transparency and accountability Multilateral and bilateral trade agreements with various countries in the filed pf promotion and development of SMEs Ranked 1st in Africa on World Bank Ease of doing 	W OT	 Persistence of the informal sector Fierce competition from cheap imports Lack of entrepreneurial culture Limited capacity for technology upgrading and innovation Poor compliance to international standards, limiting their access to capture new markets Poor Monitoring, Evaluation and Reporting Mechanism
(J	 A right entrepreneurial ecosystem through a number of targeted innovative schemes and programmer Constant training programmes and institution campaigns are disbursed and carried across the island Different Memoranda of Understanding (MoUs) signed with foreign countries institutions Fostering networking among Institutions to produce high value-added activities Operationalization of the SME Portal 	T	 High risk of bankruptcy for entrepreneurs Changes in Govt Policies including Fiscal and Monetary Policies Vulnerability inwards external factors affecting business climates such as Cloud 19 pandemic, financial crisis, increase in cost of inputs Trade liberation under SADC and COMESA encouraging fierce competition and dumping from foreign countries

9.0 STRATEGIC DIRECTION

The MSME sector in Mauritius is at the crossroad of economic prosperity. Government is proving various incentives for the development of the MSME sector. The new poles of development would invariably involve the extensive use of digitalisation technologies and renewable energy sources.

10.0 CONCLUSION

Over the years, the SMEs Division has implemented policies to make growth stronger and more inclusive for the creation of an enabling market environment for SMEs and to strengthen the entrepreneurial spirit. These policies have helped the country make great strides in its efforts to support youth, combat unemployment, and enable the private sector to drive economic growth. Having a healthy, vibrant, barrier-free SME ecosystem is critical to economic development.

The SMEs Division will pursue its tireless efforts in a holistic approach to address the main constraints of SMEs by supporting the diversification of the local economy and promoting the growth of a vibrant and resilient SME ecosystem.
